

# Net Impact Chapters & Programs

2020

Net Impact started in 1993 as a small network of MBA students who wanted to make a difference. Today, Net Impact is an entirely **interdisciplinary network of students and professionals across the globe driving impact on campuses, throughout their careers and in their local communities.**

“Leadership is about making others better as a result of your presence and **making sure that impact lasts** in your absence.”

*-Sheryl Sandberg*

## HERE'S WHAT YOU GAIN:

- ➡ Leadership experience
- ➡ Access to amazing programs
- ➡ A global interdisciplinary community
- ➡ Direct support from Net Impact
- ➡ Exclusive career opportunities

Net Impact chapter members come with  
the **ideas, passion, and desire to lead**  
and emerge with the skills, experience,  
and lifelong allies that will help them  
make an impact.

 400+

Chapters World Wide

Countries Represented

 2,000+

Events & Programs Annually

The **University of Bamenda Chapter** host workshops to encourage community members to use film and poetry to artistically express themselves and tell their stories.

The **Savannah College of Art & Design Chapter** won the Wear-It-Wise challenge by hosting panel events, an upcycled clothing design competition, and clothing swap to raise awareness around sustainable fashion principles.

Net Impact leaders are creating ripples  
that reach tens of thousands more  
people, making a difference on the most  
pressing issues of our time

# Our Chapter-led programs offer you a wide variety of inspiration, problem-solving and leadership opportunities in impact areas such as:

Sustainability

Climate

Racial Equity

Food

Social Innovation

Civic Impact

# Exclusive Chapter Programs

Every year, we have a new portfolio of programs offered to our Chapters. Here are examples of previous program opportunities available:

## Food Solutions Challenge

Host a case competition where you ask bright minds to address climate change by finding ways to get female smallholder farmers access to agricultural resources key to their livelihoods. \*Note: funding for this program will be on an application basis

## Future of Energy Challenge: Mobility

Address mobility issues such as alternative fuels and nature-based solutions with the opportunity to take your idea to a scalable reality that will culminate at a SXSW pitch-off.

# Exclusive Chapter Programs

## Microsoft Community Impact Pitch-off (available in select cities only)

Leverage Microsoft's assets and initiatives to address a challenge in your community. Winners will be selected during a pitch-off and will receive \$5,000 in funding to implement the solution.

## Investing in Racial Equity: Digital Conversation Series

Connect with leaders to learn about the inextricable connection between racial equity and the social challenges that impact investing aims to address.

## Net Impact Leadership Program

Join this cohort of next-gen changemakers to sharpen your leadership skills and deepen your connectivity within the Net Impact community while tackling a local social impact project.

# TAKE ACTION

Join a Chapter, participate in a program,  
take on a social challenge
